## Our Strategic Goals

Grow our teachers as learners to develop their capabilities for teaching and learning in the future.

Prepare our tamariki for an extraordinary world ahead.

Connect and engage with our parent and wider community.

Upgrade and provide excellent facilities for learning.

## Our Strategic Initiatives

1a Foster collective teacher efficacy when teaching in Flexible Learning Environments (FLE).

1b Strengthen the delivery and implementation of the digital technology curriculum.

2a Provide a positive school culture to empower learners to be future ready.

2b All students enjoy and achieve education success that embraces languages, culture and identities.

3a Strengthen our communication with whānau to nurture learning both inside and outside the school gate.

3b Engage with our wider community to enable a strong learning and pastoral pathway for our children.

4a Implement our building redevelopment project.

4b Develop a community partnership plan around implementing the Landscape Master Plan.

## Our Outcomes

**Our teachers will:** prioritise authentic and engaging learning opportunities that are child-centred and developmentally appropriate.

**Our students will:** deepen their learning through the choices and decisions they make across all year levels and be able to access support to build on thinking and problem solving skills.

**The school will:** maximise the relationships that support BPS in its strategic vision and goals.

**The school will:** build teaching and learning spaces that meet the learning needs of the students at BPS. This includes implementing our landscape master plan.
