

Kia ora whanau,

We are thinking of you all at this time.

Here are some ideas for 'remote learning' at home that links to school. We are not asking you to set up a school at home or complete all of these rather use these as ideas and add your own. There is NO pressure from the HIVE to complete these. Keep things fun, keep it simple and enjoy the time together.

Expectations around communication: This is the final week of school and then we head into the school holidays. Online learning begins again on April 15th. We are happy to help and answer your questions.

Take good care.

<a href="#">Mathletics</a> (ongoing linked to maths and updated weekly) <a href="#">Basic Facts Links</a> on school website Basic Facts rockets (at home already) Number of the week (google docs)	<a href="#">Home Learning</a> (10 activities)
Seesaw activities (access for parents to post)	Pizza reading challenge (gone home)
Audio books, personal choice from home <a href="http://instructionalseries.tki.org.nz/">http://instructionalseries.tki.org.nz/</a>	Art challenge - <a href="#">Castles by Colin Thompson</a> . Make your own fantasy castle and write a description.
Linc Ed Goals - looking at and practising next steps	Singing/Te Reo <a href="#">Te Kotare</a>
Write a letter to a family member who doesn't live with you. What will you tell them about? (Shared on google docs)	Google Doc log in to access drive (practise logging in) Free Writing, own choice and fun and <a href="#">pobble</a> for ideas.
Essential Spelling lists and fun ideas for learning spelling (home already)	What are you grateful for? Write a song, poem, draw or write about seven things you are grateful for.
School Values at home - what are they how do I show them at home? Demonstrate on Seesaw	Design your new Kiwi block - be creative and write about what your design is showing. (I'd put a twirly whirly slide in, if I was designing mine, just saying).
Typing Skills <a href="#">Dance Mat Typing</a>	Make a confidence course at home. Take your family through it.
